

Title:	"NEW DEVELOPMENT PHILOSOPHIES FOR A SPACE RENAISSANCE"	Date:	February 18th 2013
Code:	NRP.022	Rev.	Page 1.0 1 / 1

What is	This seminar is pure, highly infective, ideas. Like the inhabitants of a closed village could die for famine and thirsty at short distance from a rich river, so the Terrestrial Civilization could implode for lack of energy and resources... at low distance from the solar system environment, extremely rich of materials and energy! The problem of the survival and continuation of the civilization is analyzed from several points of view: philosophical, technological, economical, sociological, educational, industrial, marketing and political. This seminar can be considered a global compendium of many of the different matters discussed in our seminars, with focus on the urgent and needed reversal of the global crisis, through a new industrial revolution: the new space economy.
For who	Entrepreneurs, investors, venture capitalists, visionairs, new "Medicis", government officers, trade union and social institutions, enlightned persons, curious people seeking a future for humanity, entrepreneurs, explorators, pioneers.
Type	Classroom-type instruction and interaction.
Duration	4 hours (1/2 day) - introduction 16 hours (2 days) - advanced stage
Where	The seminar can be held at the customer premises, with logistics supplied by the customer, or it can be organized by ASE LTD, grouping together several customers having similar requirements and profile of the attendees.
Benefits	The attendees will achieve a non breaucratic, 21st Century, holistic vision of the status of civilization and solid strategical indications for igniting a true unprecedented cultural renaissance.
Deliverables	Electronic copy of the materials used during the seminar: slides, documents, materials produced during exercises.
Teachers	The lead trainer, Adriano V. Autino, besides working since more than 35 years in the field of systems engineering, is a pasionate space activist and student of the space age philosophy. He is author of some original concepts, on the theme of the value of human life. Since 1997 he runs the web magazine Technologies of the Frontier (http://www.tdf.it/). He published the book "Earth is not sick: she's pregnant!" and "Tree Theses for the Space Renaissance", he organized two international conventions and wrote hundreds of articles on the topics of human expansion outside our birth planet. He is the president of the Space Renaissance International, member of the Moon Society board of directors and of other pro-space organizations.
